

SPECIAL NOTICE

EXTENSION OF REGISTRATION

The registration period has been officially extended by only (1) week to accommodate all students who may need additional time to mop up their registration for the **February to June 2025 semester**. The new registration deadline is **5 May 2025**.

The extension is meant to facilitate that students register because:

- 1. Failure to register means you will not be allowed to take the end of semester examinations;**
- 2. Students on attachment who are not registered will not be visited, supervised and graded by the Faculties.**

Please be aware that registration will not be accepted after the deadline.

Therefore, in order to prevent any last-minute inconveniences, students are highly advised to double check and complete their registration as soon as possible.

For any assistance, please use the Helpdesk link on myHope.

Thank you for your attention to this important update.

Date: 29 April 2025
